Introduction to research on the NEOM project

The NEOM project is one of the largest economic and investment projects that the Kingdom of Saudi Arabia seeks to accomplish in 2030, which seeks to make the Kingdom of Saudi Arabia one of the leading countries in many fields, in addition to improving the Saudi economy and opening new doors for new economic resources that reduce dependence on Oil resources, and the NEOM project comes at the forefront of these giant projects, which herald a great future for the Kingdom of Saudi Arabia in particular and the Middle East region in general.

Launching the NEOM project

The NEOM project was launched in the Kingdom of Saudi Arabia by Crown Prince Muhammad bin Salman bin Abdulaziz Al Saud, on Tuesday, 1439 AH. This was part of the Future Investment Initiative, which was held at the time in Riyadh, the capital of the Kingdom of Saudi Arabia.

NEOM project website

The city of NEOM is located in the far north-east of the Kingdom of Saudi Arabia on the northern borders adjacent to the Hashemite Kingdom of Jordan, and it is administratively part of the Saudi Emirate of Tabuk in the Duba Governorate. The city is surrounded by the Red Sea from the west and the Gulf of Aqaba from the north, in addition to a mountain range from the east reaching a height of 2,000 meters. Some mountains are about 2,000 meters high, so the project is naturally protected.

The main objectives of the NEOM project

Many goals have been mentioned for the NEOM city project, as announced by the authorities responsible for the project in the Kingdom of Saudi Arabia, and the most important of these goals are as follows:

Enhancing the leadership and pioneering role of the Kingdom of Saudi Arabia in the eastern region and worldwide in many political, economic, tourism, commercial and other fields.

Reducing dependence on oil in the Saudi economy, and creating an economic boom through which huge investments will be attracted from inside and outside the Kingdom.

Increasing the imports of the Kingdom of Saudi Arabia at the expense of exports, and achieving significant revenues for the economy in the Kingdom of Saudi Arabia.

Providing many job opportunities for a large number of people in the Kingdom of Saudi Arabia.
